ALABAMA LIBERTARIAN PARTY CONVENTION

featuring

DR. RON PAUL, LP PRESIDENTIAL CANDIDATE

This is the year. Ron Paul is the man.

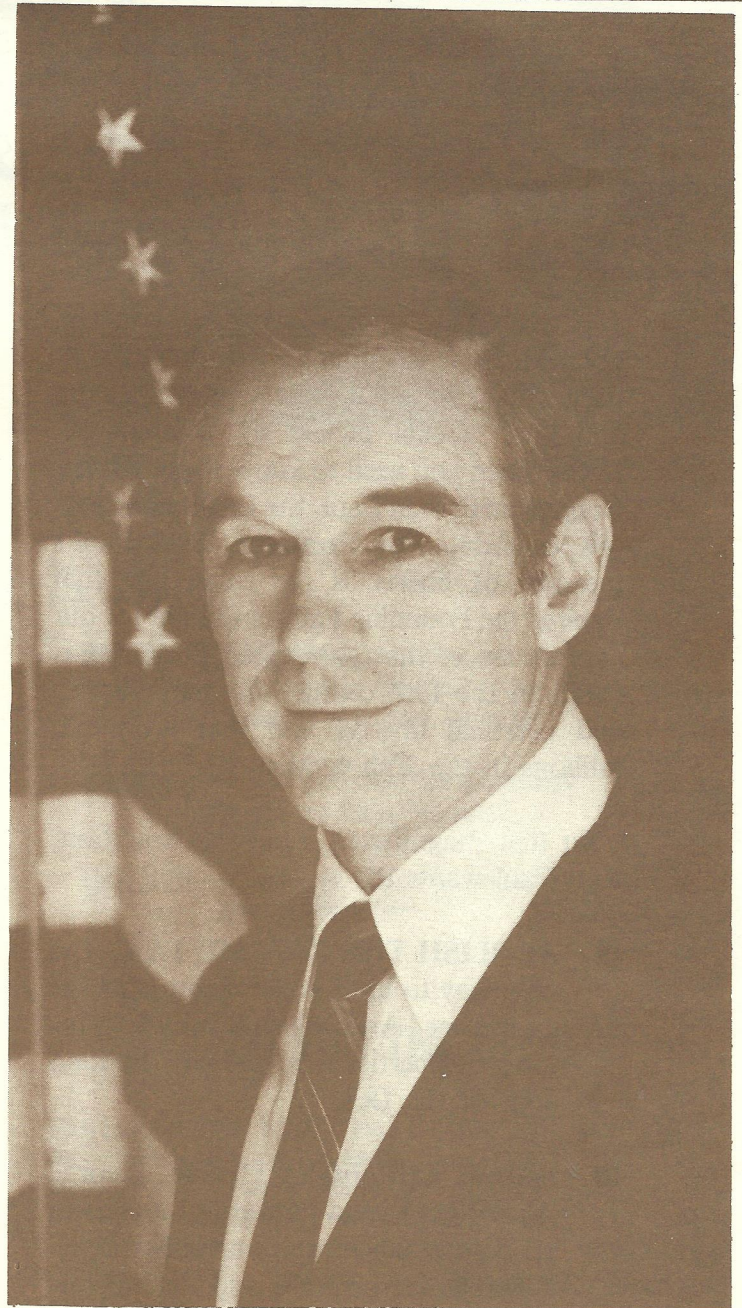

Yes, 1988 is the breakthrough year for Libertarians. The two old parties are thrashing about like a couple of dying dinosaurs.

This year's "Demopublican" candidates just make people yawn--or laugh. But Ron Paul draws enthusiastic crowds everywhere, as he lays out a common-sense, pro-freedom approach to dealing with our problems. The old-line politicians may not believe it--don't WANT to believe it--but Americans are getting fed up with having their lives run and pockets picked by big-government liberals AND conservatives.

Ron Paul and the Libertarians are the only ones standing up and saying to government: Get out of our homes. Get out of our businesses. Stay out of our pocketbooks, our bedrooms, our relationships. We are free people, and we neither need you nor want you.

It's a powerful message. And this year--with Ron Paul leading the way--more Americans than ever before will hear and respond to that message.

THIS IS ALABAMA'S LIBERTARIAN EVENT OF THE YEAR. NON-LIBERTARIANS AND THE JUST-PLAIN-CURIOUS ARE WELCOME! IF YOU'VE EVER THOUGHT, "THERE MUST BE A BETTER WAY," THEN YOU OWE IT TO YOURSELF TO HEAR RON PAUL.

Ron Paul is a former four-term U.S. Congressman. While in Congress, he never wavered in his commitment to individual liberty and the free market. He consistently won awards for being the best friend the taxpayer had in Washington. He is a strong advocate of hard money, an opponent of draft registration and senseless foreign wars, and a leader in the fight to abolish the IRS and the Federal Reserve.

On the campaign trail Ron has been brilliant in spreading the Libertarian message. Reprinted below is a page from a recent campaign flier. While the other candidates confuse, dodge and avoid the issues Ron Paul states them clearly. The others propose minor variations on the big government theme. Ron Paul offers a real alternative. Slash the federal budget and restore the economic and personal Liberties which are the birthright of every American.

## Haven't you had enough?

Are you sick of being chiseled, cheated, and conned by the politicians of both major parties? Are you tired of having your life run and your pocket picked by Washington, D.C.? Then you need to know about former Congressman Ron Paul, the Libertarian Party's candidate for President. Ron Paul's message of liberty is the same one that inspired the Founding Fathers to fight for our independence, that galvanized mass movements in the 19th century for hard money and personal liberty, and that mobilized millions in the 20th century.

In that magnificent American tradition, Ron Paul wants to:

- **ABOLISH THE INCOME TAX.** The only way to limit government is to cut its income. And the only way to protect our liberties is to call off the mad dogs of the IRS.
- **BRING THE BOYS HOME.** George Washington and Thomas Jefferson knew that only a pro-American foreign policy could preserve and defend our freedoms. They knew that we couldn't have limited government at home and

imperial government abroad. The Defense Department should defend our shores, not get our kids killed for less than nothing in the Persian Gulf or Central America.

- **ESTABLISH A GOLD STANDARD AND ABOLISH THE FEDERAL RESERVE.** The politicians and big bankers have gotten away with stealing our paychecks and savings for too long. Only the hard gold and silver money that our Constitution mandates can end inflation.
- **LEAVE US ALONE.** Personal liberties are under attack as never before. Our financial privacy is invaded; churches and church schools are harassed; we're told what to eat, drink, and smoke; our right to keep and bear arms is restricted; we're spied on in our bedrooms; and intimate facts are collected in government computers. Yet freedom means nothing if not privacy from government snooping and control. The federal government meddles in our economy, our lives, and 120 countries around the world. It could cause a depression and a war.

**STOP THE MEDDLING.  
VOTE FOR RON PAUL, LIBERTARIAN FOR PRESIDENT.**

President of The Motivators Dick Boddie is one of the Nation's outstanding motivational speakers. A professional speaker for over twenty years Dick's optimism, energy, and vision will convince you that "Our Time Has Come!". Murray Rothbard describes him as "Intelligent, articulate, and very funny.." David Bergland defines charisma as "Richard Boddie in action".

You'll crack up at his impressions of well known politicians. Wallace, Reagan, and of course Jesse Jackson are favorite targets.

Dick also shows us that our movement is now in "the second wave". The second wave being the selling of libertarianism. As Dick says "Anything worth selling must be sold." He then shows us all how to sharpen our selling skills.

Dick is a hit wherever he speaks, don't miss this opportunity to meet and hear a master in action.

NOTE: Dick won't be leaving until Sunday afternoon. Maybe we can convince him to do his outstanding "Libertarianism in 30 Seconds" seminar on Sunday morning.

## BODDIE-ISMS

SOCIALISM If you have two cows, you give one to your neighbor.

COMMUNISM If you have two cows, you give both of them to the government, then the government might give you some milk.

FACISM If you have two cows, you keep the cows but give the milk to the government, and then the government sells you some milk

NEW DEALISM If you have two cows, you shoot one and milk the other, then you pour the milk down the drain.

NAZISM If you have two cows, the government shoots you and keeps the cows.

CAPITALISM If you have two cows, you sell one and buy a bull.
